Exposed Thermostatic Shower Set - S4

Collection: CASCADE DEL STROPPIA

Model: SCT17-SC-CDS-S4-00-WL

Elevate your showering experience with our elegant and functional exposed shower valve, a key component of our stylish Shower Set's exterior wall-mounted design. With innovative anti-scald controls, our valve ensures a safe and comfortable shower experience by mitigating sudden temperature fluctuations. Plus, with the ability to control water temperature and pressure, you can customize your shower to your unique preferences.

- Easy to install and use for hassle-free showering.
- Elevates your showering experience with reliable and convenient functionality.
- Increases bathroom value and aesthetic appeal.
- Ideal for those seeking a luxurious and comfortable shower experience
- Upgrades your shower system with an elegant design.
- Suitable for both residential and commercial use.

BENEFITS

- Precise temperature control with an exposed thermostatic shower set for a safe and comfortable shower experience.
- Anti-scald technology prevents sudden temperature fluctuations.
- Stylish design with various finishes to match any bathroom décor.
- Customizable water temperature and volume for individual preferences.
- Durable construction for long-lasting use.
- Compatible with various shower heads and spray configurations for versatility.
